REV. JOHN LAMB'S

Pulpit Blasphemy ! !

THE PROOF! THE PROOF!

The following card from Mr. M. REINHART, will fully prove all we have said and published concerning the Reverend John L. Linn's pulpit blasphemy.

concerning the *referred* JOHN LAMB'S purpose, **blasphemy**, and his outrageous conduct in compelling MR. REINHART to SIGN A LIE under a threat of prosecution! Let honest men of all parties read this exposure of Lamb's despicable "Border Ruffianism." No man in Knox County will dare to impeach the statement of MR. REINHART, for he is an honest and honorable man; and other witnesses are ready to corroborate all he says:

TO THE PUBLIC.

It is an unpleasant matter for me to appear before the public in the columns of a newspaper; but in justice to myself, and to serve the cause of Truth, I am induced to make the following statement:

—On Sunday, August 24th, 1845, before the

of Knox County, preached a sermon in the Protestant Methodist Church, in Mt. Vernon, in which language was used which I clearly understood to be an attack upon the Democratic party whereupon I arose and asked Mr. Lamb if his language would not apply to both parties. In reply, he said he was not preaching politics. To which I rejoined, if you are not preaching politics, then go on, for I do not wish to interrupt you. He then proceeded for a few minutes, apparently much excited, when he used the words as nearly as I can recollect: "Any man who will

stand upon the Cincinnati Platform, his face and heart are as black as Hell and damnation." A soon as this remark was made Farose and with others left the house.

Soon after the appearance of the article in the *Banner*, in reference to this matter, Rev. Mr. Fister called at my house, saying that he did so voluntarily, to influence me as a friend to make some arrangements to withdraw the remarks I had made concerning Mr. Lamb, that I had made myself liable to three prosecutions; and that he had known similar cases where it cost

men from \$1000 to \$1500. The next day I came to town, and with Mr. Fister called at the Auditor's office; and after some conversation in relation to the matter, Mr. Lamb; drew up a paper, retracting what I had said, and after reading it over asked me to sign it. This I at first refused to do, when he threatened that he would sue me, and had \$500 to spend in lawing me in the case, and if I did not sign it, he would circulate hand bills or pamphlets all over the county against me. Through his threats, and the influence of Mr.

Fister, I at last signed the paper, but expressly saying that the words in italics, about the Cincinnati Platform, were true.

M. REINHART

Another Slander Disposed of.

Hon. B. F. Hallett, of Boston, recently wrote to Senator Toombs to inquire the truth of an abolition story that has been repeated ten thousand times in northern disunion-sectional journals. The reply is as follows:

WASHINGTON, Ga., Sept. 7, 1856.

DEAR SIR: I received your letter of the 29th ultimo yesterday. There is not one word true in the charge of the abolitionists that in my speech I made somewhere I said that "the time would come when I would call the roll of my slaves on Bunker Hill." I have seen it done in various forms by the abolition press and speakers for the last twelve months; and I suppose have answered, within that time, a score of letters from friends on the subject. I have two or three others besides yours before me at this time. I saw the same charge in the report of a speech said to have been made by Dr. Wayland, at Providence, Rhode Island, and my first impulse

tion was to write him a letter correcting it, but on reflection I concluded that a person of his standing and attainments, who would appropriate fatherless newspaper falsehoods to the vile use of misleading his countrymen, was not entitled to that courtesy from me.

I am, very respectfully, yours,
R. TOOMBS.

HON. B. F. HALET, Boston.

The *October Battle, in Pennsylvania*,
The Pittsburgh *Post*, an able and influential Democratic journal, thus confidently speaks

"Let no man, for a moment, suppose that we have a shadow of misgiving as to the success of the Democratic State ticket. If we have ever felt any anxiety on this subject, we feel none now. We feel thrice confident that we shall triumph over this coalition, and beat the Fusionists handsomely; and when we do, we beg all friends of the Union to remember that the Democratic party has beaten the combined and drilled forces of the Abolitionists, the Fillmore men, the Freedom Shriekers, the Freemenites, the Know Nothings and the Know Nothings in general."

"It LOOKS WELL.—Conversations last evening with a number of gentlemen from the surrounding counties, who are in attendance at our State Fair, satisfy us that the prospects of the Democracy in the western counties, in reference to coming elections, are most cheering. Fro Greene, Washington, Fayette, Westmoreland, Somerset, Cambria and Blair, the accounts indicate that the Democratic vote will be largely increased over that of last year."

Sign in Indiana—“Coming Events Cast Their Shadows Before”

A charter election was held in the town of Washington, Daviess County, Indiana, on Tuesday last. It resulted in the success of the entire Democratic ticket. The Washington *Bee* brings out the "big gun" over the result, and pledges Daviess County for one hundred and fifty mayors in October and November next for the democratic ticket. In 1854 it gave the Black-Republicans over two hundred majority.

TO THE POLLS!

Democrats of Old Knox! This is the last appeal we can make to you before our State and County Election. It is now too late to write lengthy Editorials, urging upon you the necessity of turning out to the polls in all your strength. As you love your country and its glorious institutions; as you are wedded to the Union as it is; as you are opposed to fanaticism, sectionalism, treason and disunion; as you wish to see peace and good will towards men prevail throughout the length and breadth of the land; we implore you to do your whole duty on Tuesday next. The Abolitionists will be beaten, and badly too, if the Democrats go to work. Let every vote be polled, and the Disunionists will surely be driven into their dark holes.

ONE VOTE!

Let Democrats everywhere, on the 14th, bear in mind the importance of one vote. Let every Democrat be at the polls!

Why REEDER is for FREMONT.—Reeder has collected all the money under pretense of "aid for Kansas" that he can by remaining neutral, and he now comes out for Fremont, to pull a few more as a "new convert." He is said to have made \$40,000 by "chickering."

ANOTHER DEMOCRATIC VICTORY!

DELAWARE ELECTION!

DEMOCRATIC VICTORY IN MICHIGAN!

DETROIT, Oct. 6.

At the election held in the Upper Peninsula for State Senator and two Representatives on the 30th of September, the Democrats carried all—Senator by one thousand majority.

LOOK OUT FOR FRAUD!

We are informed that just on the eve of the election the *Republican* will issue a batch of certificates to prove that Israel Underwood is a very temperate and moral man. Amongst men who are acquainted with Mr. Underwood's unfortunate habits and total unfitness for the office to which he aspires, these certificates will only be laughed at. If we were disposed to wage a personal instead of a political warfare against the Abolition romances for Sheriff, we have facts in our possession in regard to his *weakness*, which, if published, would astonish his community. Mr. Underwood may thank us that we have withheld from the public some dark pages in the history of his life.

Guard the Ballot Box!

We warn our Democratic friends in every election district to guard well the Ballot Box. You have an unscrupulous as well as an unprincipled party to fight against. A large majority of our opponents are oath-bound Know Nothings, who are ready to commit any villainy that will insure to the benefit of their wicked and desperate party. Remember how the Ballot Boxes were destroyed by the Know Nothing bullies in Cincinnati, and see that similar outrages are not committed by the tools of the same party in Knox county.

Get out Every Vote!

Let our friends see that every Democratic voter in Knox county is out to the polls on Tuesday. If all our strength is out, we will certainly carry the county. Have carriages provided to convey those who may be sick or infirm from age, to the place of voting. Don't neglect this.

High Taxes.

If you are in favor of high taxes, and wish to exempt Banks and Bankers from their equal share of the burdens of taxation, then vote for the Fusion county ticket. But if you are in favor of equal laws and equal taxation, and opposed to monopolies and privileged classes, then vote for the Democratic nominees.

BRITISH GOLD!

That the monarchists of England, who are desirous of bringing about a dissolution of the Union, have sent over large sums of money, to aid the election of Fremont, there cannot be a doubt. Under the liberal and enlightened policy of the Democratic party, we have been constantly adding more territory to the Union, until we have become an Ocean-Bound Republic, and possess a moral power and grandeur that makes the rotten dynasties of Europe dread our giant advances in population and political strength. This is why the monarchists, who are opposed to an extension of the Democratic principle wish Mr. Buchanan defeated and Mr. Fremont elected. Their wish, however will not be granted.

Are You for Slavery?

Every vote cast for Wm. R. SAPP is a vote in favor of ESTABLISHING and LEGALIZING SLAVERY in Kansas and Nebraska!

Every vote cast for Wm. R. SAPP is a vote in favor of making SLAVES FOR LIFE out of every poor little negro child born in Kansas and Nebraska!

Every vote cast for Wm. R. SAPP is a vote in favor of extending the FUGITIVE SLAVE LAW into Kansas and Nebraska!

Every vote cast for honest JOSEPH BURNS is a vote against all these infamous Republican measures.

BACKED OUT!

The Democrats of Coshocton, through C. H. Johnston, Esq., challenged Major Sapp to a discussion with Wm. SEMPLER, Esq., of that county, at any time and place that might be agreed upon; but Sapp refused—backed square out! He dare not meet the Democracy on the stump and defend his votes to extend SLAVERY AND THE FUGITIVE SLAVE LAW into Kansas and Nebraska. The Major is a dead cock in the pit! Next Tuesday will seal his doom!

Has Wm. R. Sapp withdrawn from the KNOW NOTHING LODGE, that his friends are coaxing the naturalized voters to give him a lift?

TAX-PAYERS, READ THIS!

BEFORE YOU CAST YOUR VOTE!

Charges are sometimes made upon the eve of an election, against candidates, when time to explain and repel them, is not afforded to the applicant for office. But every candid and impartial man will admit, that the charges herein made, were openly and fairly made against W. F. Sapp, Esq., who is now a candidate for re-election, to the office of Prosecuting Attorney. Every opportunity and facility was given to the public to investigate the truth of the charges. Ample time was given Mr. Sapp to refute them. The names of the cases, the amount of the costs and the Docket and page in every instance was given, as well as the names of the Attorneys engaged in each case defended, so as to give every candid mind, enquiring after the truth, an opportunity to search the records, and satisfy himself about the matter before voting. It will be seen too, that when the charges were first made, a challenge was given to Mr. Sapp, to get up committees of tax payers throughout the various parts of the county, to examine the records of the Courts. Now, does any reasonable man, believe that these charges, so serious in themselves, imputing a want of capacity, as well as a proper attention to the business pertaining to the office of Prosecuting Attorney,—allegations of gross blunders and serious mistakes, whereby enormous piles of costs have been thrown upon the tax-payers would have been allowed to pass unnoticed or unopposed by the Republican newspaper, if they were untrue. No! never! Mr. Sapp in justice to his own reputation as a public officer, in justice to those who elected him to that office, was called upon to explain and refute these charges, before offering himself again, for the suffrages of the people. Mr. Sapp had ample time to get up a committee of prominent gentlemen of veracity and capacity to examine the records who could have reported upon the facts, connected with the office of Prosecuting Attorney, in the same way that the investigating committee reported upon the affairs of the Auditor's office a few years ago, and then, if the charges made in the *Banner*, were untrue, it would have eventuated to the advantage of Mr. Sapp, and ensured his re-election. Again Mr. Sapp could have published a statement in the Republican newspaper showing wherein, by the certificates of the Clerks of the Courts and the Auditor of the county, the charges and statements in the *Banner* were wrong, if they were untrue. But this he has not dared to attempt. He has been driven to the necessity, of denouncing in his stump speeches, all the charges as false, and everybody uttering them, as "liars," "howlers" and such other epithets, as may be found in his tremendous vocabulary of vituperation. Nor did the Republican paper dare to publish any explanation, although it promised from week to week, to publish a full exposition of the charges made against Fletcher Sapp. Mr. Cochran takes no further notice of his promise to vindicate the character of Mr. Sapp from these charges, but in the last number of his paper dismisses the whole matter, by exhorting Republicans, at the polls, to "remember the false charges uttered against their candidates, for Prosecuting Attorney, and Recorder." Now this is letting the thing go "by default," and an honest and candid man, who will lay aside his party feelings, will see at once, that these charges are therefore true every one of them. Then is it not his duty to himself and to his fellow tax-payers, to change the incumbent for the office of Prosecuting Attorney. When a fair trial has been given, and the present Prosecutor found unfit and incapable, does it not become the duty of an honest man in casting his vote, to select some other one for the office, enjoying a higher reputation for ability, industry, care and constant attention to the duties of a laborious profession, such a one, the tax payers of Knox county have in Charles H. Scribner, Esq., who has been put forward as a candidate and whose election is now urged upon grounds of eminent qualifications for the office, by voters without regard to party, and they hereby appeal to judges and lawyers of all parties as to his high qualifications as a careful, industrious, able and successful prosecuting attorney. We give below the various charges which were made several weeks ago in the *Banner*, and have only to ask the candid reader to beware of any explanations and refutations of these charges, which may be gotten up by committees of one party, just before the election in order to prevent a fair report being made by an impartial committee of all parties, which should have been done, weeks ago, to assure tax-payers of fairness in the matter.

On the 30th day of September last, the *Banner* contained the following charge:

FLETCHER SAPP.
Our flatulent Prosecuting Attorney does some grandiloquent blowing when he is on the stump. He tells the people that he has collected and paid into the County Treasury more fines than all the Prosecuting Attorneys for the last twelve years. Now, we want to give the tax-payers of Knox county a few facts that will completely spike his cannon.

Mr. Sapp in his report to the Attorney General of the State of Ohio shows that in the year 1855 he collected only \$53 94, of fines in criminal prosecutions. (See Attorney General's report page 33.)

Now, the Auditor of our county, in his report for the year ending June 1st, 1856, shows that Mr. Sapp only collected and paid into the treasury from the 1st of June, 1855, to 1st of June, 1856, \$80 14. This will be seen by examining the Mt. Vernon Republican of the 29th day of July, 1856, which contains the Auditor's printed report of the receipts and expenditures of Knox county. By reference to the same paper you will see that the Auditor reports the amount of fees and salary paid to Fletcher Sapp, as Prosecuting Attorney, for one year, at \$774 00.

Now, the journal of the Auditor shows that the last Democratic Prosecuting Attorney, Geo. W. Morgan, only drew fees and salary as Prosecuting Attorney for one year, \$445 00. (See pages 4 and 58 of the journal in the Auditor's report, from the 1st of January, 1852, to the 1st of January, 1853, one year.) Showing, by referring to the records, that Mr. Sapp's fees have been raised three hundred and twenty-nine dollars over Col. Morgan's for a single year.

Now, the Attorney General shows that the county of Knox paid costs in criminal prosecutions alone, the sum of twelve hundred and thirty dollars and sixty-nine cents, while the costs which Coshocton County paid during the same time for criminal prosecutions was only \$ 35 28. Holmes county was only..... 190 41 Delaware county only..... 522 97 Morrow county only..... 64 83

Now, it will be seen that the tax-payers of these four neighboring counties, all together, had less taxes to pay for criminal prosecutions, than the tax-payers of Knox county alone, had to pay for the same year (1855), by four hundred and thirteen dollars and eighteen cents. (See the Attorney General's report, page 33, for the year 1855.) This was the first year of Mr. Sapp's official proceedings.
--

Now, let every Republican voter who takes the Mt. Vernon Republican newspaper, examine his paper dated July 29, 1856, and the report of John Lamb, Auditor of Knox county, shows that the Treasurer paid out to Sheriff Strong, for Sheriff's fees in criminal cases, for the year ending June 1st, 1856,.....\$565 86 To Israel Underwood for sustaining prisoners, washing, &c.,..... 509 86 W. F. Sapp, salary and fees Pros. Atty.,..... 774 00 Clerk's fees in criminal cases,..... 439 93 Constable and justices fees in criminal cases,..... 340 75

Witnesses' fees in criminal cases,.....	549 70
Grand Jurors' fees,.....	114 35
Physician's bill for prisoners,.....	25 00
Crandal for attending prisoners,.....	38 00
Attorney's fees for prisoners,.....	65 00
Probate Judge's fees in State cases about 250 00	
Petit Jurors and talsmen,.....	100 00
Total,.....	\$3,772 45

This is the whole costs paid out by the county in a single year, for the expense of criminal prosecutions, and is here given to enable tax-payers to see what an important thing it is to them to have a Prosecuting Attorney who will look to their interests, and save the county as much as possible by taking security for costs. The last number of the *Banner* contains the following list of cases which are by no means the whole number on record of the mistakes and neglect of the Prosecuting Attorney; but this exhibit is confined entirely to such charges as have been heretofore published to the world, in order to give Mr. Sapp a full opportunity to explain. Here is what was published in the *Banner* on the 7th of October, 1856:

CHAPTER OF BLUNDERS—Continued.

In a late issue of the *Banner* we gave a number of cases in which the county was put to great costs by reason of the incapacity of Fletcher Sapp to attend to the business of a Prosecuting Attorney properly. We continue the chapter, that our tax payers may know where their money goes.

The State of Ohio vs. Berine.—In this case the prisoner was in jail a great while and was tried and found guilty, but obtained a new trial because the Attorney for the State neglected to have the jury instructed to find the value of the property stolen. Costs, therefore, thrown upon

the county. We cannot give the amount of costs as they are not yet made out by the Clerk.

Ohio vs. Thompson.—In Probate Court.—Docket B, page 297. Costs \$38.65. State failed, and no security for costs taken.

Ohio vs. Thompson.—Probate Court. Liquor case. Nollied by the Prosecuting Attorney.—Docket B, page 297. Costs \$10.50. No security for costs taken.

Ohio vs. Thompson.—Liquor case, in Probate Court. Nollied also. Costs \$7.22. Docket B, page 287. No security for costs taken.

Ohio vs. Beny.—Liquor case. Probate Court. Information quashed. Costs 9.31. Docket B, page 298. No security for costs taken.

Ohio vs. Irvine.—Three liquor cases, in Probate Court. Costs in the first case,.....\$36.53 Costs in second case,..... 7.33 Costs in third case,..... 7.83 Docket B, pages 328 and 329. Nollied entered in every case. No security for costs.

Ohio vs. Washington House.—Liquor case, Probate Court. Defendant discharged. Costs \$59.11. No security for costs taken. Docket B, page 267.

Ohio vs. Wetherby.—Two Liquor cases. Probate Court. Costs \$14.00. Nollied entered in both cases. No security for costs. Docket B, page 281.

Ohio vs. Rowley.—Liquor case. Probate Court. Docket B, page 285. Costs \$17.37. Nollied entered. No security for costs.

Ohio vs. Roberts.—Liquor case. Probate Court. Docket B, page 255. Costs \$16.09. Nollied entered. No security for costs.

Ohio vs. Blackford.—Liquor case. Probate Court. Docket B, page 286. Costs \$24.24. Defendant discharged. No security for costs.

Ohio vs. Irvine.—Liquor case. Probate Court. Docket B, page 287. Costs \$6.37. Nollied entered. No security for costs.

Ohio vs. Irvine.—Same kind of case, also nollied. Costs \$8.22.

Ohio vs. Leply.—Liquor case, same Court.—Docket B, page 306. Costs \$44.01. Nollied.—No security for costs.

Ohio vs. Eaton.—Same kind of case. Docket B, page 308. Costs \$49.29. Defendant discharged. No security for costs.

We are compelled to stop with the chapter of blunders for want of room, but will continue the subject in our next number.

Some of these cases were liquor trials prosecuted under the supervision of the "Carson League" Association, wherein witnesses of impeachable character were employed to keep up a system of espionage upon liquor sellers. As a matter of course, the State would fail with such witnesses, and the Prosecuting Attorney was to blame in aiding to get up that Association, and in lending himself to its reckless system of warfare, instead of protecting the interests of tax-payers by taking security for costs.

Fairness toward Mr. Sapp requires us to stop with the list of cases that have not yet been published. Let no one think that this statement is printed and circulated as an electioneering document, gotten up just before the election. On the contrary all these charges have been published in the *Democratic Banner* weeks ago, and they have only been herein recapitulated by those who have examined the records, and found these statements all true, in substance and in facts, and bespeak for them a candid examination by the tax-paying voter. We would add in justice to Mr. Sapp, that Judge Hurd stated at the time of Perine's trial, that it was his duty to have charged the jury to find the value of the property stolen, yet this does not excuse Mr. Sapp from being on hand to watch the case, and call the attention of the Court to the oversight, for the people elected him Prosecuting Attorney, for that purpose.

Democratic Central Committee.

FREMONT'S CATHOLICISM!

STILL MORE EVIDENCE!

On Tuesday evening last, L. F. TASISTRO, Esq., of Washington city, made a Fillmore speech at George's Hall, in this city. We did not hear his remarks, but we learn that he "pitched into" both Buchanan and Fremont without mercy.—In the course of his remarks he stated positively, of his own personal knowledge, that JONX C. FREMONT was a Catholic, and that he was willing to make affidavit to the truth of the statement. This caused quite an excitement in town, and the next day we called at the Kenyon House, where Mr. TASISTRO was stopping, to learn the facts in relation to the matter. After being introduced to that gentleman, and hearing his statement, we requested that he would give us the substance of his remarks in writing, which he readily consented to do, saying at the same time, that he was ready and willing to furnish a report of his remarks to the Republicans, or any others that might request it of him. Below will be found Mr. T.'s statement:

In relation to Mr. Fremont's Catholicism, Mr. Tasistro, who is himself a Catholic, began by depreciating the introduction of any religious creed as an element in a Presidential canvass; stating that the religion of any one should never be admitted as a political test in this free country.—He said that he had only come forward upon solemn conviction of duty, upon finding that the hypocrisy and prevarications of Mr. Fremont on the subject, were being made the cause for mystifying and misleading the public at the pending election; he said that Mr. Fremont had knelt at the same altar, and worshipped at the same shrine with him for years; that Fremont was a constant attendant of the Catholic Church for years where he (Mr. T.) held a pew; that nobody in Washington ever dreamed of calling in to question Mr. Fremont's Catholicism, and that Fremont himself, on all occasions boasted of his faith in the Catholic Church; always, and at all times, upholding it doctrines, when the subject was discussed in private conversation. Mr. Tasistro stated all this of his own personal knowledge and observation, and challenged any Priest or Layman to contradict the fact. Mr. T. further stated that he was well acquainted with the Priest who married Fremont, and that the latter before administering the sacrament of marriage to him, had, according to the formulas of the Catholic Church, invariably practiced upon, whenever a Catholic is married to a Protestant, exacted a solemn promise that his children should be brought up in the Catholic faith. All this Mr. T. stated that he was ready at all times to corroborate upon the solemnity of an oath, if anybody dared publicly to question the truth or completeness of his statement in relation thereto.

Still Another!

J. C. Baillit, of Philadelphia, known as an influential old-line Whig has taken the stump in favor of Mr. Buchanan. He made a most eloquent and forcible speech, on Wednesday evening at Germantown. Friday evening he addressed a large and enthusiastic meeting at Flowerstown, and on Saturday evening at Branchtown, in company with several others. He meets with an enthusiastic reception everywhere.

We are compelled to stop with the chapter of blunders for want of room, but will continue the subject in our next number.

Some of these cases were liquor trials prosecuted under the supervision of the "Carson League" Association, wherein witnesses of impeachable character were employed to keep up a system of espionage upon liquor sellers. As a matter of course, the State would fail with such witnesses, and the Prosecuting Attorney was to blame in aiding to get up that Association, and in lending himself to its reckless system of warfare, instead of protecting the interests of tax-payers by taking security for costs.

Fairness toward Mr. Sapp requires us to stop with the list of cases that have not yet been published. Let no one think that this statement is printed and circulated as an electioneering document, gotten up just before the election. On the contrary all these charges have been published in the *Democratic Banner* weeks ago, and they have only been herein recapitulated by those who have examined the records, and found these statements all true, in substance and in facts, and bespeak for them a candid examination by the tax-paying voter. We would add in justice to Mr. Sapp, that Judge Hurd stated at the time of Perine's trial, that it was his duty to have charged the jury to find the value of the property stolen, yet this does not excuse Mr. Sapp from being on hand to watch the case, and call the attention of the Court to the oversight, for the people elected him Prosecuting Attorney, for that purpose.

FREMONT'S CATHOLICISM!

STILL MORE EVIDENCE!

On Tuesday evening last, L. F. TASISTRO, Esq., of Washington city, made a Fillmore speech at George's Hall, in this city. We did not hear his remarks, but we learn that he "pitched into" both Buchanan and Fremont without mercy.—In the course of his remarks he stated positively, of his own personal knowledge, that JONX C. FREMONT was a Catholic, and that he was willing to make affidavit to the truth of the statement. This caused quite an excitement in town, and the next day we called at the Kenyon House, where Mr. TASISTRO was stopping, to learn the facts in relation to the matter. After being introduced to that gentleman, and hearing his statement, we requested that he would give us the substance of his remarks in writing, which he readily consented to do, saying at the same time, that he was ready and willing to furnish a report of his remarks to the Republicans, or any others that might request it of him. Below will be found Mr. T.'s statement:

In relation to Mr. Fremont's Catholicism, Mr. Tasistro, who is himself a Catholic, began by depreciating the introduction of any religious creed as an element in a Presidential canvass; stating that the religion of any one should never be admitted as a political test in this free country.—He said that he had only come forward upon solemn conviction of duty, upon finding that the hypocrisy and prevarications of Mr. Fremont on the subject, were being made the cause for mystifying and misleading the public at the pending election; he said that Mr. Fremont had knelt at the same altar, and worshipped at the same shrine with him for years; that Fremont was a constant attendant of the Catholic Church for years where he (Mr. T.) held a pew; that nobody in Washington ever dreamed of calling in to question Mr. Fremont's Catholicism, and that Fremont himself, on all occasions boasted of his faith in the Catholic Church; always, and at all times, upholding it doctrines, when the subject was discussed in private conversation. Mr. Tasistro stated all this of his own personal knowledge and observation, and challenged any Priest or Layman to contradict the fact. Mr. T. further stated that he was well acquainted with the Priest who married Fremont, and that the latter before administering the sacrament of marriage to him, had, according to the formulas of the Catholic Church, invariably practiced upon, whenever a Catholic is married to a Protestant, exacted a solemn promise that his children should be brought up in the Catholic faith. All this Mr. T. stated that he was ready at all times to corroborate upon the solemnity of an oath, if anybody dared publicly to question the truth or completeness of his statement in relation thereto.

Still Another!

AMBIOTYPES.
THE subscriber, who has long been engaged in
the Daguerreotype business, and is still prepared
to do all work in that line of superior quality, if not
superior to any, "East or West, North or South,"
would respectfully invite the attention of the public
to his new style of pictures, taken on glass. They
are far superior to the best Daguerreotypes, and
are so soft and beautiful in tone, are not reversed in po-
sition, and being taken on glass are exceedingly bril-
liant, and are perfectly distinct in any angle. They
never can fade.
Think of such impressions by nature's hand made!
Though shadows they are, will like shadows fade!
No! when the film of death has long dim'd the eye,
And the beautiful lip in the dust clung to the
Earth's Ambrosia, will find that they can be re-
called, and beam fresh and fair as they beam to-day.
